- Mobile and tablet friendly
- DocuSign integration
- Dedicated AWS instance option

Our award-winning intuitive user interface makes working in Folderit faster.

Faster than with any other comparable software!

Trust and Loved Worldwide

Folderit DMS is easy-to-use, secure and affordable. This, in combination with our dedicated support team is exactly what our customers seek!

“

“I have started using the trial plan over the last few days and I have to say this is one of the very best pieces of software I have ever used. Intuitive, smart and full of hidden power. Everything is just in the right place and even billing & plans are transparent.”

— PHIL B

United Kingdom

“

“I wanted to provide some feedback that I am always pleased with your customer service. Whenever I have had any queries you respond timely and answer my queries and provide very good assistance.”

— LAURA S
